FAMILY BATHROOM

A white suite comprising low level WC, vanity unity with inset wash hand basin, panel enclosed bath with mixer tap and shower attachment, fully tiled walls and floor, UPVC obscure double glazed window to the rear elevation, heated towel ladder, ceiling spotlight cluster.

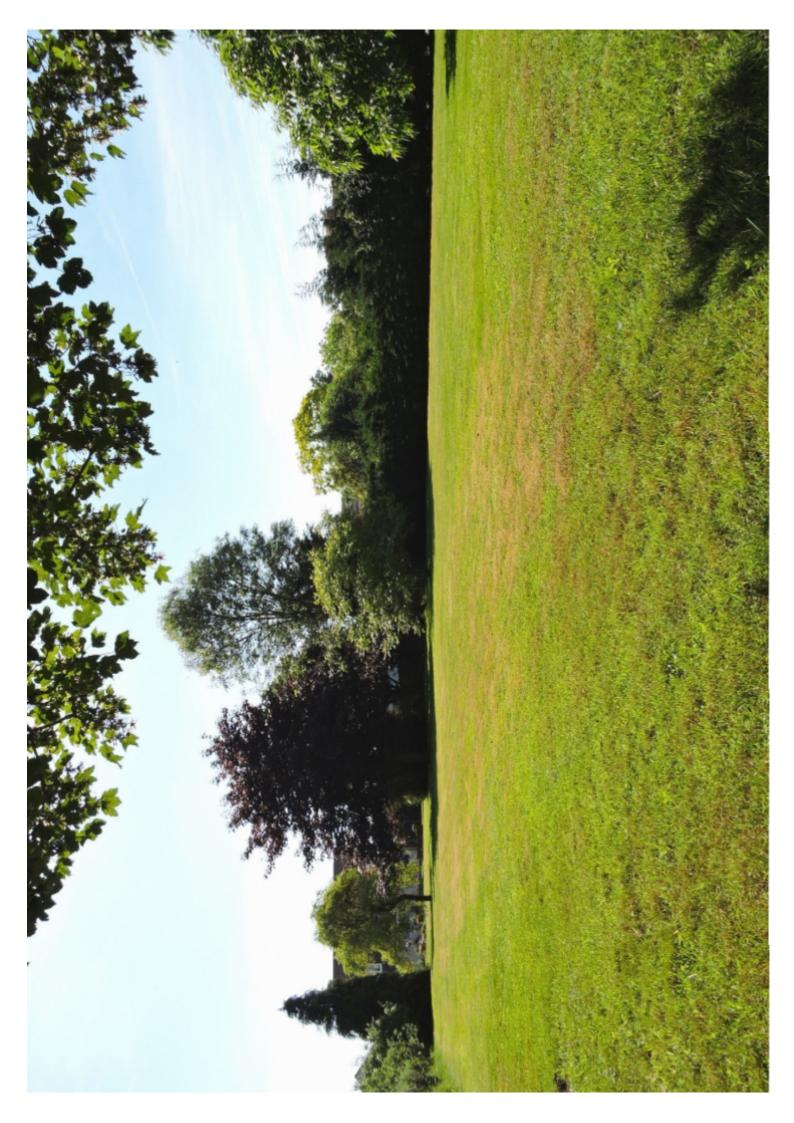

OUTSIDE

The property is nicely set back from the road and approached through a five bar gate and a large block paved drive, a nice area of lawn with shrub borders, a number of large trees to include an oak tree and boundaries of mature hedges and panel enclosed fencing. The paving continues along the side of the house giving access to the rear garden and the large double garage with up and over doors, power and light connected. The rear garden is delightful and is mainly laid to lawn, the block paving continues round to form a lovely terraced seating area, there is a feature pond with a rockery area, there are numerous trees, a greenhouse with vegetable garden, at the very bottom of the garden is a large outbuilding that was once a workshop having two sets of double doors and housing all the garden equipment and to the rear of the garage is a further large storage shed and workshop with power and light connected and side access doors and windows. The garden is very private and the boundaries are established mature hedging and timber panel fencing. The outside of the property and the gardens are a real feature and the whole plot measures approximately 1 acre (stls).

The property is serviced by mains drainage, electricity and oil fired central heating.

Use this document to:

Compare current ratings of properties to see which properties are more energy efficient
 Find out how you can save energy and money by installing improvement measures

Estimated energy costs	£ 2,151			
Over 3 years you could save				
Estimated energy costs of this home				
	Current costs	Potential costs	Potential future savings	
Lighting	£ 294 over 3 years	£ 294 over 5 years	You could	
Heating	£ 3,984 over 3 years	£ 2,394 over 3 years		
Hot Water	£ 771 over 3 years	£ 210 over 3 years	save £ 2,151	
Totals	£ 5,049	€ 2,898	over 3 years	

These figures show how much the average household would spend in this property for heating, lighting and hot water and is not based on energy used by individual households. This excludes energy used for running appliant like TVs, computers and content, and electricity generated by microgeneration.

Energy Efficiency Rating

The higher the rating the lower your fuel bills are likely to be.

The potential rating shows the effect of undertaking the recommendations on page 3.

The average energy efficiency rating for a dwelling in England and Wales is band D (vating 60).

The EPC rating shown here is based on standard assumptions about occupancy and energy use and may not reflect how energy is consumed by incividual occupants.

Top actions you can take to save money and make your home more efficient			
Recommended measures	Indicative cost	Typical savings over 3 years	
Increase loft insulation to 270 mm	£100 - £350	£417	
Floor insulation (suspended floor)	£800 - £1,200	£ 381	
Increase hot water cylinder insulation	£15 - £30	£ 75
